# CC - LUBE

## INDUSTRIAL CHAIN-DRIVE & BUSHING LUBRICANT

**CC-LUBE is specially formulated ‘Moly’ Lubricant to penetrate and lubricate between the close tolerance of chain drive bushings.**

- **COMPLETE LUBRICATION** - Deep penetrating action ensures thorough lubrication of chain drive pins and bushing resulting in smooth running with less wear and increased powder.
- **LUBRICATES AND PROTECTS** – Special cohesive formulation results in stable lubrication and protects against corrosive industrial fall-outs.
- **DRIVER MOISTURE OUT** – Creeps under moisture, causing it to evaporate and special rust inhibitor offer double protection against rust. It prevents hidden corrosion that may cause unexpected dangerous break-down.
- **PROLONG EQUIPMENT LIFE** – Stays well in the core of wire and hemp type cable & chain links, keeping them flexible. Stable lubrication between friction points ensure smooth chain operation, increase power and extend the life span.
- **SEMI-GREASE FORMULATION** - Results in greatly reduced accumulation of dust, dirt and mud. No abrasive particles grinding away at vital surfaces ensure smoothly running operation.

### WHERE USED:

Ideal for use on chains and cables, even in high-humidity locations such as : Ready-mix trucks, furnace drive chain, cranes & draglines, construction equipment, booms, cutter bars, hoist chairs, link & roller assemblies, marine cables, fork lifts, earth moving & trenching equipment, cranes, steam shovels, loading equipment on boats, trains & trucks, etc.

### TECHINICAL DATA

<b>DESCRIPTION</b>	:	Molybdenum disulfide with blends of penetrants, rust-inhibitors, oils and grease.
<b>ODOR</b>	:	Solvent
<b>COLOUR</b>	:	Dark brown
<b>Spray rate</b>	:	1 – 6 grams/second

ISO CERT NO. 160067

ISO CERT NO. 190018

**SAFETY AND HANDLING**

<b>HANDLING</b>	Handle with care. Store in dry, cool and well ventilated environment.
<b>SAFETY</b>	<b>IMMEDIATE ACTIONS</b>
<b>Eye Contact</b>	Avoid Eye Contact. Otherwise, flush with plenty of water for a few minutes. Seek medical attention.
<b>Skin Contact</b>	Avoid Skin contact. Otherwise, wash contaminated area thoroughly with water. Seek medical attention.
<b>Inhalation</b>	Do not breathe gas/vapors. Otherwise, seek fresh air source at once. Seek medical attention. In case of insufficient ventilation, wear suitable respiratory equipment..
<b>If Swallowed</b>	Avoid ingestion. Otherwise, consume considerable quantity of water. Do not induce vomiting. Seek medical attention.
<b>General instructions</b>	Avoid spillage, splashing and mishandling. Precautionary measures for body protection are strongly recommended before use.

**PACKING SIZE: 25 LITER, 200 LITERS PAIL/DRUM**

**Read the Material Safety Data Sheet before using this product**

For detailed information on safety and health, please refer to Material Safety Data Sheet and/or product label.
