FC 806

DISH WASH

FC 806 is a biodegradable, concentrated liquid detergent that billows into rich foamy suds that work quickly to dissolve grease, oil, dirt from dishes, glassware, utensils, etc.

FC 806 is guaranteed not to cause discoloring, etching of glass and metal surfaces.

FC 806 penetrates and emulsifies grease, etc actually floats them away. Easy to use and more economical than old-fashioned hard-to-dissolve powder. **FC 806** is specially recommended just for you.

FEATURES

- Soft on hands and safe on skins
- Contains non-slip properties to prevent breakage
- Mixes instantly with water and rinse easily and completely
- Neutral, non-toxic and non-flammable
- Cleans easily without and scrubbing
- Economical

COMPOSITION AND PROPERTIES

For environmental purpose. **FC 806** is phosphate free and biodegradable. **FC 806** has excellent soil penetration through its blend of surfactants. Wetting agents and detergents lift away all types of materials normally found on dishes, utensils, pots and pans.

APPLICATION

FC 806 is highly concentrated and may be diluted with up to 100 parts of water. Recommendations vary according to the type and degree of contamination.

LIGHT DUTY CLEANING

1. Part of **FC 806** diluted to 25 parts of warm or cold water

MEDIUM DUTY CLEANING

1. Part of **FC 806** diluted to 25 parts of warm or cold water

HEAVY DUTY CLEANING

1. Parts of **FC 806** diluted to 10 parts of warm or cold water
