# FALCHEM DISPERSE

## WATER BASED

### DESCRIPTION:

**FALCHEM DISPERSE** is the latest water based formulation oil spill dispersant with no flash point, non toxic and free from petroleum distillate and soluble in sea or fresh water.

### CHARACTERISTICS, ADVANTAGES & APPLICATIONS:

- Water based with no flash point
- Non-irritating to skin
- Works well with sea of fresh water
- Very effective & economical use
- Approved by Maritime and PSA authority

### TYPICAL PHYSICAL PROPERTIES

Color :  
Specific gravity (25°C) : 1.02  
Flash Point : not applicable

### APPLICATION

**FALCHEM DISPERSE** uses non-ionic surfactant formulation with exceptional dispersing strength when applied with agitation can break up oil slicks, grease masses, sludge, general dirt and grime to leave a high clean surface. Suitable for use at sea, river, docks or in port where petroleum based products are not allowed.

### **OIL SPILL ON WATER SURFACE:**

Direct a hard coarse spray surface at the surface of the spill with nozzle pressure of 80 to 100psi, continually move the stream of water over the spill.

### **OIL & FUEL FIRES**

Handle the same as for dispersing oil spills, moving a narrow coarse spray over burning fuel surface. In emergencies, foam pick up nozzles may be used. But air intake at the nozzle should be covered to give a harder stream of water.

### **OIL & FUEL SPILL ON SOLID SURFACES**

Wash off the spill by directing a hard coarse stream of **FALCHEM DISPERSE** directly at the surface and rinse off spill. Alternatively, work the dispersant over the spill surface and rinse off with strong jets of water.
