FALCHEM ENER-COIL CONDENSER COIL CLEANER

DESCRIPTION:

Ener-coil is a specially engineered condenser coil cleaner & brightener.

CHARACTERISTICS, ADVANTAGES & APPLICATIONS:

- Economical – Highly concentrated formula for dilution up to 10 parts water. Use according to strength required.
- Easy to use – Simply spray on and hose off application do not require specially trained labour.
- Fast action – No scrubbing or agitation is necessary as special penetrating agents quickly break up oily grime, dirt and air-borne industrial impurities.
- Prolong equipment life – Regular preventive maintenance program using Ener-coil will increase condenser life and saves costly equipment replacement and downtime.
- Saves energy dollars – When used regularly, saves dollars by causing air-conditioning systems to run at its peak efficiency with cleaner condenser coils.

APPLICATIONS

Ener-coil is recommended for use in hotels, commercial complexes, hospitals, shipyards and any air-conditioning workshops or establishments that services air-conditioning systems.

INSTRUCTIONS

Use only plastic acid resistant sprayers or similar applicators. Dilute one part Ener-coil with 2-10 parts water. Shut off unit. Hose down condenser coil to coil fins. Start at top of condenser and work gradually downwards. Allow 5-10 mins for penetration of built-up dirt layer. Flush with water and allow fins to dry.

No scrubbing or agitation is necessary. For heavy built up dirty fins, repeat process. Thoroughly rinse all applicators that were used with Ener-coil.

TECHNICAL DATA

Description	: Penetrating condenser, cleaner, brightener, Acidic booster, non-ionic agents and hydrogen fluoride.
pH factor	: 14
Flammability	: 100% fire proof
Toxicity	: Causes burns. Toxic if swallowed. Wear protective goggles and gloves.
Risibility	: Excellent

SAFETY AND HANDLING

HANDLING	Handle with care. Store in dry, cool and well ventilated environment.
SAFETY	IMMEDIATE ACTIONS
Eye Contact	Avoid Eye Contact. Otherwise, flush with plenty of water for a few minutes. Seek medical attention.
Skin Contact	Avoid Skin contact. Otherwise, wash contaminated area thoroughly with water. Seek medical attention.
Inhalation	Do not breathe gas/vapors. Otherwise, seek fresh air source at once. Seek medical attention. In case of insufficient ventilation, wear suitable respiratory equipment..
If Swallowed	Avoid ingestion. Otherwise, consume considerable quantity of water. Do not induce vomiting. Seek medical attention.
General instructions	Avoid spillage, splashing and mishandling. Precautionary measures for body protection are strongly recommended before use.

PACKING SIZE: 25 LITER, 200 LITERS PAIL/DRUM
