FALCHEM SUPER-SOL CARBON REMOVER

DESCRIPTION:

Falchem Super-Sol is an advanced heavy duty liquid specifically formulated to attack, penetrate and efficiently remove carbon, grease, oil, varnishes and other heavy deposits from diesel engine blocks, gear boxes, pistons, rings, valves, atomizers, pipes, burners, coolers etc completely.

Falchem Super-Sol has been proven to be the most effective product in its category due to its quick and complete action. This powerful action is based on a single-phase mechanism that consists of cleaning agents, aromatic solvents, corrosion inhibitors and dye.

This way, the deposits are trapped and bound, resulting in complete and safe removal.

CHARACTERISTICS, ADVANTAGES & APPLICATIONS:

- Completely removes heavy carbon, grease, oil, varnish and other deposits as well as old paint, resins and lacquer coatings.
- Acts quickly and thoroughly.
- Non-flammable.
- Non corrosive to most metal surfaces and parts, except those made from soft mild steel and cast iron.
- Extraordinary results achieved under ambient cleaning conditions thus eliminating the need for mechanical means requiring heat.
- Contains strong corrosion inhibitor.
- Has effects on rubber and plastic compounds.
- Can be combined with other range of **Falchem®** products for more effective cleaning.
- Can be recycled for further use: the same amount of **Falchem Super-Sol** can be used for several different jobs.
- Cost effective, easy to use and apply.

TYPICAL PHYSICAL PROPERTIES

Colour : Light Brown
Specific gravity (20°C) : 1.1
Flash Point : Not applicable

APPLICATION

SUPER-SOL is recommended for use to remove carbon, paints, and soil from automotive parts, marine equipment, diesel and air-craft engines. It is extremely effective for the removal of varnish from burnt out electric motors as well as oxidized inks from printing equipment.

Other areas of use include: Diesel Repair Shops, Equipment Dealers, Oil Field Services, Fleet Operators, Machine Shop, etc.

Meets or exceeds the requirement of the USDA for use in federally inspected meat and poultry as plants.

ISO CERT NO. 160067

ISO CERT NO. 190018

INSTRUCTIONS

SUPER-SOL should be totally poured into a solvent resistant tank of stainless steel or galvanized metal. Do not use on plastic container. Parts to be treated must be immersed at least 3” below the liquid surface. When paint or carbon turns spongy and soft. Flush with water using a power hose. The time taken to work will vary depending on the type of carbon, paint, grease etc. Use a wire basket for immersion of small items.

SAFETY AND HANDLING

HANDLING	Handle with care. Store in dry, cool and well ventilated environment.
SAFETY	IMMEDIATE ACTIONS
Eye Contact	Avoid Eye Contact. Otherwise, flush with plenty of water for a few minutes. Seek medical attention.
Skin Contact	Avoid Skin contact. Otherwise, wash contaminated area thoroughly with water. Seek medical attention.
Inhalation	Do not breathe gas/vapors. Otherwise, seek fresh air source at once. Seek medical attention. In case of insufficient ventilation, wear suitable respiratory equipment..
If Swallowed	Avoid ingestion. Otherwise, consume considerable quantity of water. Do not induce vomiting. Seek medical attention.
General instructions	Avoid spillage, splashing and mishandling. Precautionary measures for body protection are strongly recommended before use.

PACKING SIZE: 25 LITER, 200 LITERS PAIL/DRUM
