FALCHEM PEEL-COAT

PEELABLE VINIL COATING

DESCRIPTION:

FALCHEM PEEL-COAT is a remarkable vinyl type formulation that provides protection against rust corrosion, light abrasion and abuse during shipment or storage, and when so desired, the film can be easily peeled off. It can be used in extremely dirty areas or in paint spray booths. When the area gets too dirty or the paint build up is too heavy, the coating can be peeled off and discarded, leaving surface clean.

CHARACTERISTICS, ADVANTAGES & APPLICATIONS:

- Economical – no solvents required to remove film.
- Easily peel-able – holds on to but does not stick to surfaces which it is applied.
- Transparent.
- High strength – when properly coated, the film will come off in sheets, not small pieces.
- Abrasion resistant – the film is not easily damaged by normal handling.

TYPICAL PHYSICAL PROPERTIES

Color : Clear
Specific gravity (25°C) : 1
Flash Point : > 60°C

APPLICATION

The non-porous substance must be clean and free of foreign contaminations to ensure proper strip-ability of the coating, when applying over surfaces, check to ensure than the product will not cause a solvent action on the material. Apply by brushing, dipping or spraying. **Best results** are normally obtained when applying to a smooth surface instead of rough surface. Increased film thickness improves stripping characteristics of the coating. Apply at least two or three coats, allowing at least 10-15mins intervals before applying new coat.

SAFETY AND HANDLING

HANDLING	Handle with care. Store in dry, cool and well ventilated environment.
SAFETY	IMMEDIATE ACTIONS
Eye Contact	Avoid Eye Contact. Otherwise, flush with plenty of water for a few minutes. Seek medical attention.
Skin Contact	Avoid Skin contact. Otherwise, wash contaminated area thoroughly with water. Seek medical attention.
Inhalation	Do not breathe gas/vapors. Otherwise, seek fresh air source at once. Seek medical attention. In case of insufficient ventilation, wear suitable respiratory equipment..
If Swallowed	Avoid ingestion. Otherwise, consume considerable quantity of water. Do not induce vomiting. Seek medical attention.
General instructions	Avoid spillage, splashing and mishandling. Precautionary measures for body protection are strongly recommended before use.

PACKING SIZE: 25 LITER, 200 LITERS PAIL/DRUM
